## EXTREMELY CANADIAN FREERIDE SNOWBOARD CAMPS NEW FOR 2016/17

For all those snowboarders who have been jealous of their two-planked comrades dominating the mountain with their Steep Skiing Guides, we are now here for you. Our professional team of snowboard coaches is going to ensure you maximize your experience on Whistler Blackcomb's world-class, big-mountain terrain. Alpine bowls and glaciers, old-growth forests, and legendary winter storms make our home a global freeride mecca, and we want all of our guests to experience this in an exciting, safe, and confidence-inspiring way. With two massive mountains, each providing an overwhelming variety of terrain to explore, it's easy to spend your day searching for the goods instead of getting out there to shred them. Don't get caught chasing crowds on cat tracks, getting stuck on long traverses, tip-toeing around cliff signs and ropes, or riding other people's leftovers—let us show you the way. With years of experience exploring North America's largest and most epic ski area, our coaches can help you find those runs and hidden lines you only thought you'd see in the movies. With lift line priority to maximize riding time, we will teach you the best techniques, show you incredible new lines, and guide you to the best snow, making the most of your precious days in the mountains.

Whether you're looking to step up to steeper terrain, flow through the forest, charge a pillow field, or simply ride with confidence on the best that Whistler Blackcomb has to offer, these camps are for you.
