ONE DAY WEDNESDAY STEEP SKIING CLINIC

This is a great way to add more skiing to your two-day Steep Skiing Clinic, or try out a condensed version of the product.

The One Day Wednesday Clinic is a full day of guided instruction and lift line priority with no frills. The focus is on skiing lots of terrain while getting in tons of vertical with technical and tactical instruction on the fly.

You will discover both the best of Whistler Blackcomb's steeps and the best of your skills. Our dedicated coaches mix a healthy dose of technical instruction, steep skiing tactics and local knowledge to provide you with an experience you can't get elsewhere.

The trick to taking advantage of Whistler Blackcomb is making the most of the mind-blowing terrain available, and that's where we come in. Pack our 20 years of local freeskiing experience into a full day of guided instruction and exploration and you're in for a wild ride.

Extremely Canadian is geared towards adventurous advanced-intermediate to expert skiers. If you can ski an un-groomed "Black Diamond" run at your home hill, then you belong with us! Skiers are placed in small groups of similar ability (avg. 3:1 / max. 5:1), combined with a serious amount of vertical, guaranteed improvement, tired legs, make for an unforgettable ski experience.

***Please note the day is instruction and lift line priority only. Après, t-shirt and video analysis are not included**

DATE Wednesdays only; Dec. 14 - April 12.
