

HELI ACCESSED

BACKCOUNTRY ADVENTURES

P: MARK GOING/COLUMBIA

COMBINING THE EASE AND CONVENIENCE OF HELI-SKIING WITH THE SERENITY AND CHALLENGE OF SKI TOURING, OUR NEW HELI-ASSISTED SKI TOURING ADVENTURES COVER ALL THE BASES. A UNIQUE AND REMOTE BACKCOUNTRY EXPERIENCE IN THE BEAUTIFUL COAST MOUNTAINS MIGHT JUST BE EXACTLY WHAT YOU'VE BEEN WAITING FOR!

Enjoy a full day of mind-blowing backcountry skiing, snowboarding or telemarking in the zones you've always dreamed of getting to, or the ones you maybe didn't even know existed. Our ACMG guides will help you conquer those runs on your bucket list and help you get to them in style!

Blackcomb Helicopters will drop you and your Extremely Canadian guide off in a backcountry zone such as Mt. Currie, Cayoosh, Birkenhead or Snowspider, among others, and pick you up after you've tackled peaks and pow fields all day.

Please note this day of touring requires touring skis or splitboard, skins & avalanche safety gear. If you require backcountry gear rentals please let us know. Bagged lunches are available for \$13 and contain a sandwich, piece of fruit, cookie and a drink. The total trip price is the cost of the heli transport plus the Extremely Canadian ACMG guide. The group can be up to four people plus the guide and pilot.

ZONE	TOTAL TRIP COSTS *
